BOOZE AND DOPE VICTIMS COME FIRST IN
HENRY FORD'S NEW HOSPITAL

Where Ford gives employes new chances, in this hospital in Detroit, just built by Henry Ford, employes who are drug or booze victims will be given expert treatment and a new chance to make good on their jobs.

The screenshot displays the 'mycmc' patient portal. The main header is purple with the 'coordinate my care' logo and 'mycmc' text. Below the header, there's a navigation bar with 'Home', 'Help', and 'Contact CMC'. The patient's name 'Heloise (Heloisa) RAMSAY' is prominently displayed, along with her birth date (31 Oct 1971, Age 44), gender (Female), and address (3684 Maple Avenue, Swiss Cottage, Greater London N4 5GH). A 'State of Care Plan' section indicates it is published and view-only, last updated on 12 Nov 2015. A sidebar on the left lists menu items: Urgent Care Summary, Patient Consent, Patient Details, Significant Medical Background (highlighted), Preferences, Cardiopulmonary Resuscitation, and Emergency Treatment Plan. The main content area is titled 'Significant Medical Background' and includes a section for 'Significant Diagnoses' with a table listing active clinical diagnoses. A 'Home Access' sidebar on the right shows living conditions as 'Lives Alone' and accommodation as 'Flat, Maisonette Or Apartment (Purpose Built)'. The footer contains contact information for 'Coordinate My Care'.

FHIR Implementers Group

About this group

The FHIR group is for those who are FHIR developers or who have a need for FHIR solutions.

This is a place for discussion and seeking answers to questions about FHIR technology. One of the driving forces for the rapid advancement of FHIR is the FHIR community.

Here is a place where you can start a conversation or join a conversation implementing FHIR solutions in your organization.

Here you will find a knowledgeable FHIR community and a willingness from the perspective of someone new to FHIR or someone who has a need for FHIR.

Subscribe to FHIR Implementers Group content with RSS or email.
